LAST ESTIMATES OF OLAA PRODUCT IS 21,500 TONS

Company Still Grinding, But Manager Thinks Figures Will Not Exceed His

Olaa Sugar Company's output for 1916 will not exceed 21,500 tons. This was admitted by A. W. T. Bottomley to Bishop & Company this morning. Grinding has not been completed but the estimate has been once more reduced and this time by about 500 tons. Rumors that were heard about brokerage offices yesterday afternoon relative to the 1916 crop of Olaa took definite form this morning. A call at the office of Bishop & Company on A. W. T. Bottomley brought the brief reply: "Olaa has not finished grinding yet, but Manager Eckart says that he believes that the year's crop will not exceed 21,500 tons."

The Manual of Hawaiian Securities gave the 1916 estimate of Olaa Sugar Company production as 26,300 tons. A few weeks ago that estimate was reduced to about 22,500 tons and the announcement caused considerable of a flurry in the company's stock. The latest reduction is by no means so proportionately great. It leaves the company a crop about two-thirds as large as that of 1915 and is the smallest since 1910.

SAYS KALAPANA SHOULD BECOME TOURIST CENTER

A. P. Taylor Suggests Home of Bird of Paradise Be Given More Publicity

"The Bird of Paradise and the Land of Paradise should be welded together," said A. P. Taylor, secretary of the Hawaii Promotion Committee, upon his return from Hilo today. "Hawaii has a varied scenic beauty teeming with legends at Kalapana, and I believe that this place should be exploited to the tourists as the Bird of Paradise birthplace."

Richard Watson Tully's play was written around the stories gathered in this section and many times I have heard tourists remark that the Bird of Paradise gave them an idea to come to Hawaii. This is one new feature for the tourist, and will be included in all of the committee literature.

"The new road which has just been completed from Kalapana to Kapoho completes the loop which is known as the Kalapana loop. A visitor may now make the trip through dense forests and return by a road running along the coast with the ideal scenic beauty of that section of Hawaii. Here the Cave of Refuge, the temple and other spots of interest may be found. Kalapana—The Birthplace of the Bird of Paradise, is only another phrase added to the long list in Hawaii."

ARMY ORDERS

First Lieut. Joseph O. Daly, 9th Field Artillery, is granted leave of absence for two months.

Otane, a Japanese fisherman, was locked up for investigation about 2 o'clock this morning when he ran amuck in a Japanese tea house on Nuuanu avenue. This morning the police corridors were crowded with a number of friends who came to sympathize with him in his plight. "Too much sake," say the police.

WOULD RETURN TO MAKE HOME FOR WINTERS HERE

Searching the Pacific for a place to make their home and finding in Hawaii practically everything their hearts desire, Mr. and Mrs. W. H. Price are sailing tonight in the Sierra with the hopes of coming back soon. The couple live in Butte, Montana, but have accumulated enough of worldly goods to allow them to enjoy a winter home in a more moderate climate.

"We like Butte all right," say Mr. and Mrs. Price, "but as the biggest copper camp in the world it is mostly copper and we've seen enough of it. We would like to live in the land of fruits and breakers and sandy shores as well."

Price has been in Butte for 31 years and most of that time has been connected with the Anaconda Copper Mining Company, formerly known as the "Amalgamated." For several years he has been superintendent of the "Moonlight" mine, one of the Anaconda Company's valuable properties there.

In San Francisco Mr. and Mrs. Price have their auto awaiting them. From there they expect to go to see some of their ranch property in the Imperial Valley, Southern California, U. S. A., and to view some mining claims in Southern California, Mexico.

"We have not decided whether Honolulu will be the site of our future home or not," both said today, "but everything is in its favor. There are some places in California that have taken our fancy, and it would be more convenient for us to live on the mainland that we might hurry back to Butte if necessary, but in spite of all that we love this land in the sea."

Price says he will not decide until he is back in Montana where they will put the new home. There he will be able to compare the attractions of one place, unbiased, with those of another and make a logical selection. Good marks for Hawaii will include the fact that the visitors found it the most healthful place they have ever visited with a delightful summer climate.

Both Mr. and Mrs. Price take great pleasure in art, and Price has a pocket full of rough sketches (he calls them shorthand notes) of various places in Hawaii, which he will work up later. Mrs. Price also does free hand drawing and usually supplies the colors to her husband's outlines.

WOMEN HANDLE CAR SERVICE ABOUT VIENNA

[By Associated Press]
VIENNA, Austria.—More than 5000 women are now employed in the municipal street car service of Vienna. Of the 12,000 male employees before the war, 10,500 have come into the field. The war has completely changed the street car service which is now in operation nearly 24 hours a day, carrying not only ordinary passengers but at night hauling coal and merchandise. There are no more motor-cabs or motor trucks or lorries, and horses are very scarce. Consequently the street railways have become practically the only means of transportation.

Most of the women employees are acting as conductors but great efforts are being made to get permission from the ministry of railways for them to act as motor drivers. The grades in Vienna are in places quite steep and require great strength for using the brakes, so that the authorities hitherto have hesitated to sanction the employment of women for this work. Unless, however, the military commanders will release a sufficient number of motormen from the army to carry on the car service the experiment with women drivers will have to be made, whether dangerous or not.

VENIZELLOS DENOUNCES STAFF FOR ALLOWING BULGARS TO GET ARMS

ATHENS, Greece.—Commenting on the Bulgarian occupation of Kavala, former Premier Venizelos said to the Associated Press correspondent:

"I predicted that the Bulgarians' assurance that they would not occupy Kavala would not hold good five days. They lasted just four days."

"Can you conceive anything more criminal in a military sense than the action of the Greek general staff in demobilizing three army corps and leaving the entire artillery and other supplies behind to fall into the hands of the Bulgarians?"

JEALOUS WIFE, 45, KILLS WOMAN AT RAIL STATION

MARYVILLE, Mo.—While scores of travelers at the Burlington depot looked on, Mrs. Q. A. Gilmore, 45 years, old, wife of a local livery proprietor, fired four shots at Mrs. Ella Shippy, also of Maryville. All the bullets took effect. Mrs. Shippy died a few minutes later. Mrs. Gilmore handed her revolver to a bystander, walked to the sheriff's office, and surrendered. Both families are prominent. Mrs. Shippy was 43 years old and divorced. Mrs. Gilmore recently filed for divorce. Jealousy is said to have prompted the shooting.

REPUBLICANS TO HOLD MEETINGS TWICE TONIGHT

Liliuokalani School and Palama Selected for Rousing Political Talkfests

Two rousing Republican primary campaign meetings are scheduled for this evening which will about wind up this week's G. O. P. talkfests in Honolulu.

The first of tonight's meetings will be held at the Liliuokalani school, Kaimuki, at 7:30 o'clock. Henry Freitas will preside. The speakers will include all of the candidates for the house from the fourth district, the candidates for senators and Prince Kuhio and A. Louisson, candidates for delegate to Congress.

Candidates for representatives from the fifth district, the candidates for the senate and delegateship will address voters at 7:30 o'clock under the big banyan tree near the Kaunakapili church, Palama. Tomorrow will be an open date, no meetings being scheduled. On Thursday evening the candidates will hold a political talkfest at Waipahu.

Two well-attended meetings were held by the Republican candidates on Monday evening at Atkinson Park, Kakaako, and at the Kalihi-kai school.

Among the speakers at Atkinson Park were J. K. Kamanoulu, Jack Lucas, R. W. Shingle, G. F. Affonso (Apanako), J. H. S. Kaleo, E. P. Low, Sylvester Philip Correa, W. C. Achi, A. St. C. Pihanais, Charles N. Marquez, C. H. Cooke, T. H. Petrie, Gerit P. Wilder, Lorrin Andrews, J. K. Kalaniana'ole, James K. Jarrett, A. L. Louisson, Andrew I. Bright, George Makalea and C. H. Brown.

Candidates for delegate to Congress, candidates for the senate and the fifth district candidates for the house spoke at the Kalihi meeting.

A Few Cents And A Little Action

The Star-Bulletin WANT ADS are not an expensive employment bureau. A few cents invested in the right kind of a "Help Wanted" ad usually brings quick and sure returns.

The cost of a 15-word ad three times is 45c, six times is 90c.

No other way has ever been discovered of reaching so many people at so little cost.

It's quicker, better and cheaper to call 4911, The Ad Man, when you have an ad.

THE RESULTS take care of THE COST.

Properly protected and developed, the coffee industry offers Hawaii as splendid an opportunity as that exemplified in her sugar industry. Furthermore, coffee is ideally adopted to the small farmer, since it can be placed in a marketable form at an unusually small expense. If elected Delegate to Congress, I would take immediate and resultful steps towards encouraging the Coffee industry. There are few lines of activity that hold forth such possibilities. I would see to it that those possibilities become lucrative realities.
